Members were informed of the restructuring of the Provost’s office to support the Aboriginal Education Council. The taskforce provided feedback on the university’s draft sustainability policy in terms of capturing appropriate language around the role of Indigenous knowledge. Members also discussed proposed terms of reference and decision-making processes for the taskforce itself. Time was then spent on discussing incidents of backlash received from statements made by the institution on the Colten Boushie case and the need to ensure the safety of Indigenous students on campus. The taskforce also continued to discuss the process for finding an Elder for the group. Lastly, a fourth working group of the taskforce was created to focus on recruitment of Indigenous students, particularly to the Indigenous Visual Culture program.
