

Safety Tips

1. There is no wrong time to use the walk safe program and we encourage our community to use it as much as possible.
2. Be sure to park in a well lit area in the evenings and late hours.
3. If you are working late during extended hours you should avoid walking alone and contact Security for a Walk Safe Escort.
4. Use a buddy system whenever possible. Walk to and from buildings in pairs or groups and avoid taking shortcuts across campus that bypass well-traveled areas.
5. If you are going out alone, let a classmate or friend know where you are going and when you are expected to return.
6. If you are approached by someone unknown, keep as much distance as possible and immediately notify security or dial 911. Your mobile phone's speed dial should be programmed with the OCAD U main line and then dial extension 511.
7. Be sure you are aware of where the blue phone is located in Butterfield Park.

WALK SAFE PROGRAM

Safety & Security Services

The OCAD U Walk Safe Program is intended to provide students, staff, faculty and visitors with a personal security escort to nearby locations. If you would like to arrange for this service, simply contact Security at ext 366 or attend the main security control in the lobby of 100 McCaul Street. You should make your request approximately 10 minutes prior to your intended departure and a security staff member will escort you to nearby parking facilities/vehicles/bicycles, nearby transit stops and stations, and housing within the walk safe borders. This service is available 24 hours a day. If the area you are trying to reach is outside of the walk safe boarder, please don't hesitate to speak with security and we will do our best to accommodate you when possible.
