MESSAGE FROM THE PRESIDENT

AND VICE- CHANCELLOR

Dear Graduates,

To the Class of 2026, I am filled with immense pride and joy in congratulating each and every one of you on graduating from OCAD University.

As you reflect on your time pursuing your studies, I hope you will take a moment to celebrate not only your achievements but also the friendships you developed, the challenges you overcame and the lessons you learned. I have no doubt that you will continue to leave your mark on the world in profound and meaningful ways.

As you embark on a new phase of your lives, I hope your journey will be filled with endless possibilities, opportunities and discoveries. I encourage you to embrace the unknown with courage, curiosity and an open heart, knowing that you are equipped with the skills, knowledge and passion to thrive in whatever path you choose to pursue.

As an alum, you join a bold and vibrant community of creative thinkers and makers who are making a difference. So, stay connected, support one another, and continue to draw inspiration from your time at OCAD University.

Congratulations once again on achieving this significant milestone in your lives. I wish you all the very best for what lies ahead.

ANA SERRANO | PRESIDENT AND VICE-CHANCELLOR | OCAD UNIVERSITY

A handwritten signature in black ink, appearing to read 'A. Serrano', with a long horizontal flourish extending to the right.

MESSAGE FROM

THE CHANCELLOR

Dear Graduates,

There is a quiet discipline at the heart of every creative practice: attention. What you choose to notice, what you return to, and what you decide is worthy of your time, your energy, and your care.

At OCAD University, you have spent years refining that instinct. You have learned not only how to make, but how to see—to recognize detail, context, and meaning where others might pass by. In doing so, you have come to understand that attention does more than reflect the world; it helps shape it.

At a time when so much competes for our focus, that capacity matters more than ever. The world does not need more noise. It needs care, in what we create, in what we choose to elevate, and in how we represent one another and the stories we tell.

This is not a small responsibility. But it is one you are ready to carry. Because creativity, at its best, is an act of care, a way of saying: this matters, this is worth seeing, this deserves to exist.

As you move forward, your work will take many forms. What matters is not only what you create, but the care you bring to it. That is what gives your work its weight, its integrity, and its impact.

On behalf of the entire OCAD University community, I offer you my warmest congratulations and best wishes for what lies ahead. Thank you for entrusting your education to us.

Congratulations!

JAIME WATT | CHANCELLOR | OCAD UNIVERSITY

2026 HONORARY DEGREE RECIPIENTS

RITA DAVIES, C.M.

DOCTOR OF LAWS, HONORIS CAUSA

Rita Davies, C.M., has been a defining leader in Toronto's cultural community for over four decades.

As executive director of the Toronto Arts Council, Davies reimagined its mission to reflect the full diversity of the city. Under her leadership, the council moved to actively support artists and organizations from culturally diverse and historically under-represented communities.

Her commitment to inclusion was shaped by her own journey, having arrived in Canada as a young refugee from Shanghai in the early 1950s, and who found belonging through the arts, schools, libraries and museums.

In 2009, she became the first executive director of the City of Toronto's Culture Division. In this role, she led major initiatives that continue to define Toronto's global cultural identity, such as Nuit Blanche. Davies later served as chair of the Ontario Arts Council from 2013 to 2024.

In recognition of her leadership and commitment to the arts and diversity, Davies was named a Member of the Order of Canada in 2020.

JOSHUA GREER

DOCTOR OF DESIGN, HONORIS CAUSA

Joshua Greer is a visionary entrepreneur, inventor and philanthropist with over 30 years of experience transforming industries through innovative technology. His journey began in the early web era when he founded Digital Planet where he designed and implemented web strategies for major entertainment studios, including MCA/Universal, MGM/UA, 20th Century Fox and Sony and Warner Bros.

He then became president of the New Media Group, leading the digital products division at filmmaker James Cameron's visual effects company, Digital Domain. He produced the first-ever streaming media site for General Motors and oversaw new media initiatives during the company's work on landmark films, including *Fight Club*, *What Dreams May Come* and the *Fifth Element*.

As co-founder and chief convergence officer at Walden Media, Greer developed a comprehensive digital technology strategy for the entertainment company focused on family-friendly content for young audiences, including *Holes*, *Charlotte's Web* and the *Chronicles of Narnia*.

He then co-founded RealD, building on the work with James Cameron, to design the first all-digital 3D projection system, establishing RealD as the global standard for 3D cinema. He engaged with filmmakers, including James Cameron, Steven Spielberg and Martin Scorsese and Robert Zemeckis, to adopt the 3D medium. He also championed technology standards through active participation in the Society of Motion Picture and Television Engineers and the Institute of Electrical and Electronics Engineers.

More recently, as co-founder of Tandem Care, he has focused on designing a new system for caring and aging in place for senior citizens.
